To Whom It May Concern:

August 28, 2017

For a number of years the Golder Ranch Fire District (GRFD) Governing Fire Board has implemented a fee schedule as provided for in State Statute. The schedule is for those services that are beyond providing for fire and medical emergency response. Some of the services outlined within the schedule include, construction plan reviews; construction fire inspections; and operational permits as required by the adopted fire code.

As the construction and development workload is ever increasing and the costs for construction plan review and fire inspections continue to impact the Fire District, the Governing Fire Board has directed that fees be collected.

Through a cooperative effort, TOV and GRFD have established an Intergovernmental Agreement for GRFD to provide fire marshal services for the Town. As part of this agreement the fire marshal and staff of the Fire and Life Safety Division (FLS) will conduct construction plan reviews, construction fire inspections and will issue permits, including inspections, for hazardous operations as outlined in the adopted fire codes of the Town and GRFD. For these services GRFD will collect the fees as outlined in the adopted fee schedule.

The fee schedule can be found on the GRFD internet site and is also available for review at the FLS Division office located at 1171 E. Rancho Vistoso Blvd., Suite #103, Oro Valley, AZ 85755. The FLS Division can be reached at (520) 818-1017 for assistance.

Thank you for your understanding and continued support.
